

Arens Maxi Operator

The Arens Maxi Operator is a heavy duty winder that is capable of opening multiple sashes using either the Arens Chainhead or Louvre Screwjack.

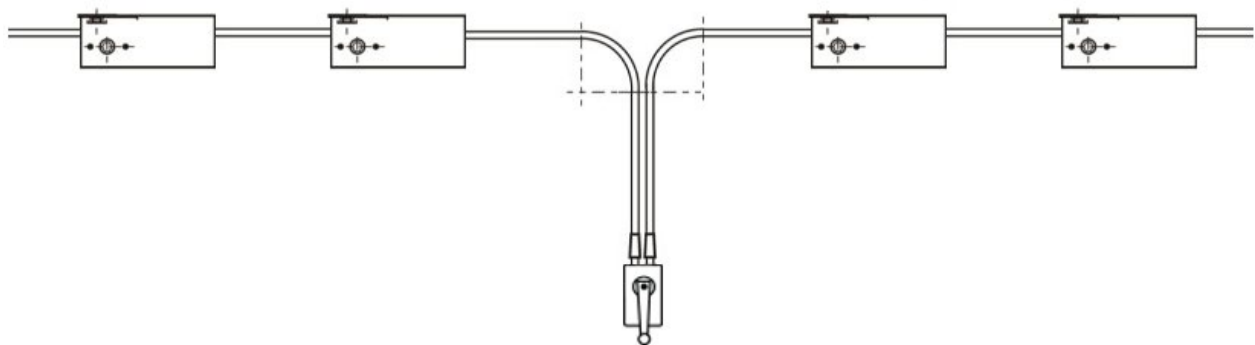

The Maxi Operator is capable of operating between one and six sashes with minimum effort. Sashes can be operated in tandem to the left and right of the operator, providing a wide range of possible configurations.

Application

- A heavy duty operator able to open multiple sashes using chainhead or louvre screw jacks
- Able to open up to 6 sashes with minimum effort
- Sashes can be operated in tandem to the left and right of the operator
- Finished in pearl white, anotec silver grey or satin black.
