

Spindle Actuator 600N

WMS 306-n

This strong actuator is suitable for roof openings for smoke and comfort ventilation.

To be used together with $\pm 24V$ or KNX or BACnet Controllers.

Synchronisation of up to 4 window actuators – there is no need for an external synchronisation module. Genuine position feedback and 3 speed operation when using MotorLink™ Motor Controllers.

The electronics in this actuator can be programmed to suit specific requirements – i.e. pressure and traction force, stroke, speed and sound level.

The actuator has an integrated reverse function to ensure a prolonged life span of the window gaskets.

This actuator is equipped with an electric overload switch. Brackets and fastenings to be ordered separately.

Technical Specifications

Part No.	08/WMS 306-n
Opening Speed	5 mm/s (full load)
Force	Max. 600N
Nominal Voltage	24 VDC (+30%/-20%), max.15% ripple
Current Consumption	1A
Size	Ø36mm
Colour	Anodized aluminium (EV1)
